

STUDENTS

Series 500

Policy Title Emergency Plans and Drills Code No. 507.05

Students will be informed of the appropriate action to take in an emergency. Emergency drills for fire, weather, and other disasters are conducted each school year. Fire and tornado drills are each conducted regularly during the academic school year with a minimum of two before December 31 and two after January 1.

Each attendance center will develop and maintain a written plan containing emergency and disaster procedures. The plan will be communicated to and review with employees. Employees will participate in emergency drills. Licensed employees are responsible for instructing the proper techniques to be followed in the drill.

Note: The last sentence of the first paragraph is a legal requirement.
